COURSE SUMMARY

Every word counts.

Articulation is the ability to form speech sounds precisely and express ideas intelligibly. In business, clear speech reduces misunderstanding, strengthens credibility and helps speakers contribute confidently.

WHAT YOU WILL DEVELOP

01 **Precision**
Improve consonants, vowels, endings and word stress.

02 **Fluency**
Speak with smoother rhythm, natural pacing and fewer fillers.

03 **Presence**
Use breath, resonance and emphasis to sound assured.

COURSE CONTENT

Six focused modules. Twelve practical hours.

Each module combines demonstration, guided drills, partner exercises and coached application. All six modules are 2 hours each.

01 **Foundations & speech baseline**
Speech organs, intelligibility, personal speech habits; short recorded baseline and individual goals.

02 **Consonant and vowel precision**
Sound placement, commonly confused phonemes, final consonants and consonant clusters; minimal-pair drills.

03 **Word stress & clear pronunciation**
Syllables, stress patterns, weak sounds and professional terminology; pronunciation clinic.

04 **Rhythm, linking & natural flow**
Connected speech, thought groups, linking, pauses and filler reduction; shadowing and role-play.

05 **Voice, tone & executive presence**
Breath support, projection, resonance, pace, emphasis and expressive delivery; meeting update practice.

06 **Application & performance review**
Business dialogue, short presentation, audience Q&A;, final recording and personal improvement plan.
